

SWP-WebMonitor

Subsahara-Afrika

Nr. 27/2024

SWP-Informationsservices

Jürgen Rogalski, 26.04.2024

Der SWP-WebMonitor Subsahara-Afrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

> **Aufstandsbewegungen / Bürgerkriege / State Capture (Afrika)**

From Rebellling to Ruling: Insurgent Victory and State Capture in Africa

Christopher Day & Michael Woldemariam

"Political order following rebel victory in civil wars has seen remarkable variation. While some rebellions transform their victories into durable regimes, others do not. This article develops a typological framework to assess the ability, and inability, of victorious rebellions to capture the state after overthrowing incumbents, with a focus on Africa. ..."
